Great food, wine and beer are our focus. Hospitality is our passion. A premier American restaurant located in the heart of Purcellville. Magnolia's at the Mill is a leader in the buy local movement and has been involved with local producers since 1986. Today, in season, menu decisions are often driven by what local farmers are harvesting that day. Twice a year we host local farmer events to help us work even more closely with local growers. Today it is not uncommon to find local lamb, cheese, eggs, beef, chicken, sausage, and all kinds of picked that day produce on our menus.

The West End Wine Bar & Pub combines the 100 year heritage of our property with a focus on the current demographics of the region as well as today's expectations and tastes in dining. Situated on more than an acre and surrounded on three sides by the Loudoun Valley Country Club golf course, The West End is located in the heart of Virginia wine country and its burgeoning craft beer breweries.

Our wine list offers many of Virginia's finest as well as a variety of selections from around the world. Our craft beer offerings are continually changing to feature a variety of selections. Perhaps most importantly, our menus emphasize small plate options to encourage sharing by family and friends to enhance the social aspects of the dining experience.

At the WK Hearth we apply the central idea of “Eat, Drink, Simply” to Italian cuisine. With our brick oven and cozy atmosphere provided by our location in the historic Cole Farmhouse we have created the comfort and authentic hospitality of an Italian country villa, where the kitchen and hearth is the heart of the home.
